Donations - Help Plan Software (Level 1)

Features Overview

Admin Features

	Status	Title
<input type="checkbox"/>	<input checked="" type="checkbox"/>	Donations (Alias: donations)
<input type="checkbox"/>	<input checked="" type="checkbox"/>	— Environment (Alias: environment)
<input type="checkbox"/>	<input checked="" type="checkbox"/>	— Health (Alias: health)
<input type="checkbox"/>	<input checked="" type="checkbox"/>	— Wild Life (Alias: wild-life)
<input type="checkbox"/>	<input checked="" type="checkbox"/>	— People (Alias: people)

Campaign Categorization and Featured Campaigns

Support for Categories adds awesome power. Now the Admin can setup Campaign categories and users can post in them.

Now even if you have hundreds or thousands of campaigns in your system, they will be well managed and easier to find!

Additionally campaigns can also be marked as Featured to give them additional focus.

Campaign Approval Workflow

Choose to have the admin approve all campaigns that are posted on the site. Very useful to make sure users are adhering to your site's Goals and Policies and to ensure the Quality of campaigns. This also includes sending appropriate emails on various actions to admin and campaign owner.

Send Payments Directly to Campaign promoter without charging any commissions (works only with Paypal Payment Gateway)

Commission fee (in percent)

Fixed Commission (flat)

Super Flexible Site Commissions

Site Admins can charge a payment commission fee if they wish to cover the payment gateway and other expenses they might incur. This commission is subtracted from the donations received before making payouts. Global Commission can be configured as X fixed amount + Y % so that you can make the fee as flexible as you want.

Additionally you can also configure separate fees per Joomla User Group if you want.

Multiple Payment Gateways

This program supports all these payment gateways to handle your Donations.

- 2Checkout
- Alpha User Points
- Amazon
- Authorizenet
- JomSocial Points
- Linkpoint
- pageseguro
- Pay By Check
- Pay By Purchase Order
- Paypal
- Paypal - Adaptive Payment
- Payu India (Credit Card/Debit Card/Net Banking)

Paypal Adaptive Payments To Make Fees Much Easier With Automated Payouts !

DANIEL WEB-BUILDERS AND MARKETING

www.danielwebbuilders.com

Paypal Adaptive payments lets us do Split Parallel payments instantly. Which means if the Donor is making a Donation / Investment of 200\$ and payments of 180\$ to the campaign owner and 20\$ to the Admin for his fee.

Recurring Donations With Paypal

This program has the ability to allow recurring donations. At moment this functionality is available only with the Paypal payment gateway. We will extend it to other Payment gateways depending on demand in later versions.

Paypal Mass Payments

Paypal Mass payments are a legacy feature we have that can be used if you have approval from paypal for the same.

The Paypal Mass pay API can be used to completely automate payouts.

Backoffice Functions for Donation Management

This program also lets you add donations manually from the backend for those donors who walk into the office and pay donations offline.

Campaign promotion using Invitex

Achieving a campaign donation / investment goal within the decided time is of prime importance. Now to overcome this challenge promoting the campaigns is vital. With this new campaign promotion feature viral invitations using Invitex asking people to donate/ invest on your campaign can be sent to people, resulting in improved rate of donation / investments.
