We offer different MLM website programs from Level 1 to level 3 to increase SALES

The price includes: Responsive web design, MLM software (configuration), One month SEO and introduction to the Admin interface. We offer 20%, 30%, 40% and 50% discounts depending on the seasons and market rates, request a quote now and learn about our discounts.

Level 1 means pre-designed software which just needs configuration and web development. Level 2 means customization from pre-designed software depending on your requirements, and level 3 means we start 100% from scratch based on your special logic or compensation plan.

MLM FOR ONLINE SHOP

This is a powerful Unilevel Program which works with Woocommerce shopping cart to sell unlimited products through MLM strategies. It is one in two: MLM Software and Shopping Cart

Unilevel MLM Plan is an unlimited width plan, that allows you to sponsor only one line of distributors, so everyone you sponsor is on your frontline (i.e no spillover). As there is no further restriction, you can build stronger and longer (length) network down the line.

Note: we can also provide Forced Matrix or Binary for the same program.

Main Features for level 1

User Registration on WooCommerce Checkout page. No separate page for adding users to the Network.

Unique Affiliate/Referral URL for each member.

Username Coupons – Every Member gets a Coupon Code with his username.

Replicated Member Sites.

Sponsor Widget on Member Site for better conversions.

Comprehensive Member Dashboard.

View list of Payouts.

View complete details of individual payout.

Members can Initiate Withdrawals.

Tabular Genealogy View.

Separate page for regular WooCommerce customers to join the network.

Email Notifications and configurable email templates.

Specify number of levels for commission distribution.

Specify eligibility criteria (no of personal referrals).

Specify discount percentage for username coupons.

Commissions can be distributed on Sale Price or Specific Distribution Amount.

Specify Distribution Amount % with each product or as a Global % applicable to all products.

Specify Affiliate URL Redirect.

Specify criteria for joining Network. Purchase of a Qualification Product or Regular WooCommerce Checkout.

Specify different commission %s for purchases by Network Users / Regular Customers.

Configurable Payout Deductions (absolute and percentage).

Delete and move Network users.

Facility to Process Withdrawals from the Admin.

Export Pending and Processed Withdrawals as CSV.

Processed Withdrawals Report.

Run payouts manually or schedule via Cron.

Summary of individual Member Commission figures before committing payout.

Reset MLM Data.

Exhaustive help text on each settings screen.

Search and View complete user details in the admin.

Set discount % for purchases made by Network users.
